

Magenta Key Features

A tool for designing and printing OMR scan forms. Magenta puts desktop scan form design in the hands of those who have the task of collecting data.

Implementation can be achieved in a matter of hours rather than days. Print your own forms on your color or black & white laser, integrate your data (pre-slugs, preprinting, serialization, bar-codes) with your form in one pass.

Modify your forms easily and as often as needed. If you have ever used a scan form design and print package, you will be happy to know that the functions you wanted have been included with

Magenta: group moves, duplex printing, color, easily cut and paste text from your word processor, multiple documents open simultaneously so you never have to reinvent the wheel.

Magenta Suite

The perfect solution for your research needs

Faculty Evaluation Form

CRN: 123456	Subj.: HV135	Title: AMERICAN HISTORY	CARLI
Instr. First Name: CARLI	Instr. Last Name: BURKE		
Dept.: POL. SCI.	Div.: A&S	Room: ST135	Bldg.: STEVENS HL.
Days: MTWRF	From: 09:00AM	To: 10:00AM	# Students: 0045

	Strongly Agree	Agree	Disagree	Strongly Disagree	N/A
	(1)	(2)	(3)	(4)	(5)
1. The instructor demonstrated thorough knowledge of the subject matter.	(1)	(2)	(3)	(4)	(5)
2. The instructor stressed important points.	(1)	(2)	(3)	(4)	(5)
3. The instructor provided satisfactory responses to students' questions.	(1)	(2)	(3)	(4)	(5)
4. I now feel able to communicate course material to others.	(1)	(2)	(3)	(4)	(5)
5. I learned how to identify central issues in this field.	(1)	(2)	(3)	(4)	(5)
6. I learned something in this course that is important to me.	(1)	(2)	(3)	(4)	(5)
7. The course followed the stated course outline.	(1)	(2)	(3)	(4)	(5)
8. The instructor expressed ideas clearly.	(1)	(2)	(3)	(4)	(5)
9. The instructor treated students with respect.	(1)	(2)	(3)	(4)	(5)
10. The instructor helped students feel free to ask questions.	(1)	(2)	(3)	(4)	(5)
11. The instructor communicates a positive attitude toward this class.	(1)	(2)	(3)	(4)	(5)
12. I understood what was expected of me in this course.	(1)	(2)	(3)	(4)	(5)
13. Course objectives were reflected in the exams.	(1)	(2)	(3)	(4)	(5)
14. Student responsibilities in this course were defined.	(1)	(2)	(3)	(4)	(5)
15. I would recommend this instructor to another student.	(1)	(2)	(3)	(4)	(5)

Magenta Suite

Scan Form
Design,
Processing
and
Reporting
Software
for OMR
Scanners

Facts and Features

Magenta Forms Designer

is a software suite for designing and processing scan forms. Scan forms may be

printed in any quantity, at any time throughout the year. It makes the most of your existing investment in scanners.

... for only \$1950

Windows Functionality

- OMR Forms design software with integrated scanning, reporting, and data exporting
- True Type Windows fonts
- Newly designed for Version 5 with predefined fields
- Open multiple forms for cut and paste
- Copy text from a word processor into your scan forms using new Paste Special feature

Magenta Forms Design

- All the colors you want
- As many graphics as you want
- Shading for readability
- Cut and paste from inside and outside from project to project
- Automatic numbering of questions.
- Individual orientation of text for landscape and portrait forms
- Multi-language spell checker
- Text box capability
- Never too late to fix alignment spacing problems or mistakes
- Special characters can be created inside bubbles for clarity
- Optional Data Merge feature allows barcode, BCD, binary, alphanumeric data to be printed

Printing Features

- Full color as well as black & white
- Simplex and Duplex enabled
- Allows any paper size
- Split Sheet enabled (2 or more forms on a single page)
- Pre-printing and pre-slugging of variable data forms
- Single form or booklet printing
- Ability to print a single page from a booklet
- PCL and Postscript compatible
- Allows serializing of forms
- Use any Windows compatible printer
- Print preview to allow you to see how your form will look when printed

Magenta/Remark Classic Interface

- Automatic scan template creation for Remark Classic tells the scanner where to look on the form and what to output for data
- Ability to link text with bubble fields so that questions and labels appear on reports
- Ability to scan barcodes with optional barcode reader on your scanner
- Processes single-sided and double-sided forms
- Validates information with database verification and database linking using ODBC
- Has data editing capability to improve accuracy
- Highlights data errors with colored flags
- Ability to use optional reject hopper
- Produces customizable graphs of grade/tally results and statistics
- Exports test grades directly to grade book packages
- Supports most OMR scanners
- Saves data to almost 40 different file formats including SPSS, Access, Excel

... or Magenta Suite for \$2,695 with Remark Classic and Data Merge included (Best Deal)
